VIENNA BELITTLES RUSSIAN VICTORIES

Asserts in Message to Envoy in U. S. Lemberg Evacuated Without Previous Fighting.

EMPEROR'S HEALTH IS GOOD

Four Thousand Serbian Prisoners Pass Through Budapest on Way to Be Encamped at Esztergom.

MANCHESTER, Mass., Sept. 11.—Dr. Konstantin Theodor Dumba, Austro-Hungarian ambassador to the United States, tonight made public the following wireless message from the foreign secretary of his government, Count Von Berchtold, in Vienna.

"Emperor continues to enjoy best of health. Another battle begun in Lemberg district. Russians persist in spreading false reports about alleged Russian victories intending to relieve repressed public feeling in France.

Energetic protest of Kaiser to President Wilson against barbarism, use of dum-dum bullets, calls forth here warmest response.

Servians Through Budapest. "Four thousand Serbian prisoners of war passed Budapest today on way to Esztergom to be encamped with 2,000 Russians already there.

"Austrian official correspondence bureau denies energetically statement of official Russian paper, Vestnik, about alleged great victories of Russians in Lemberg, states once more Austrians evacuated Lemberg without previous fighting. Vestnik's news about 50,000 prisoners made by Russians on that occasion also pure invention. As to Vestnik's denial of Auffenberg's victory, refer to respective official announcements of Austrian military headquarters. Vestnik's will by these lies not succeed to hide our victories. ("Signed) Count Berchtold."

To this the ambassador added:

Russian Losses Heavy. "The above mentioned official announcement, on September 2, mentioned the Russians driven across the Bug river, suffering heavy losses and losing 150 guns."

The Vestnik, of St. Petersburg Agency Telegraphique, is the semi-official Russian news agency, with headquarters at Petrograd.

PRINCE OF PRUSSIA IS WOUNDED BY BULLET

LONDON, Sept. 11.—Prince Joachim Albrecht of Prussia was wounded yesterday by a shrapnell bullet, according to a Berlin dispatch, which has been forwarded by the Amsterdam correspondent.

of the Reuter Telegram company. The bullet penetrated the thigh, but is believed not to have injured the bone.

Prince Joachim is the son of the late Prince Frederick Albert, regent of Brunswick, and a second cousin of the emperor of Germany. He was serving as an ordnance officer on the fighting line when wounded and was transported to the nearest garrison hospital. In 1906 he resigned from the army at the request of the emperor because of his relations with Baroness Liebenberg, a music hall singer.

British Fight as if Playing Foot Ball

PARIS, Sept. 11.—French wounded, who fought with the British near Paris, have arrived at Delle and Belfort. They praise the sangfroid of the British soldiers and their careful shooting under heavy artillery fire. The British fought, say the Frenchmen, as if they were playing foot ball.

Train Wrecked, Soldiers Die. LONDON, Sept. 11.—Late reports indicate that fifteen persons lost their lives in the wreck of a troop train loaded with 600 soldiers on their way to Europe, which was derailed in Cape Colony.

Plane Out of Range Directs Fire of Guns Against the Germans

LONDON, Sept. 11.—A dispatch to the Daily News from Crecy describes a battle preceding a thunderstorm, which the Germans were forced back from the Marne valley. A combined rush of French and British cavalry had smashed into a patrol of German cavalry and had demolished them on the outskirts of a forest. A battery of royal horse artillery with half their men and horses gone, did splendid work behind a screen of forest trees they had felled.

The British new thirteen pounders participated in the duel, the gunners being directed by an aeroplane circling high above the Germans, but out of range. The English guns appeared to work better than the Germans. A number of prisoners were captured by the English and French and these admitted that they had not the courage to face the British cavalry charges.

The storm that followed the battle was welcomed by the French and English soldiers, who stripped and enjoyed their first bath in many days.

FORMER BRITISH SUBJECTS GIVE AID

Meeting Held at Which Pledges Are Made Toward Fund for War Sufferers.

EMPIRE ASSOCIATION FORMED

Resolutions Adopted Deploring Conflict, but Declaring that Brothers Must Uphold Honor of Nation in Conflict.

Nearly 200 former British subjects gathered at Jacobs hall last night and formed an organization to raise money for the relief of widows and orphans left destitute throughout the British empire by the European war. Subscription cards were signed up readily by all present, many pledging to give as much as \$10 a month from the present date, at least to the end of next January if not longer.

Officers Are Named

Dean J. A. Tancock, was temporary chairman. John L. Kennedy was elected permanent chairman of the organization which is to be known as "The British Empire Association." John Douglas was elected secretary, and John Dale, treasurer.

Members of the executive committee were elected as follows: Dr. Robert S. Angell, Rev. T. J. Mackay, John Malen, Dean J. A. Tancock, George J. S. Collins, W. A. Smith, T. P. Redmond, John McTaggart, James Allan, Robert Cowell, Tom J. Kelly and W. A. Yonson.

The executive committee arranged for a meeting to be held at the Commercial club Saturday noon at which time further work will be outlined and the scope of the work will be discussed.

For Honor of Nation

The following resolution was adopted unanimously:

"We, citizens of Omaha, of British birth and lineage, in meeting assembled, are desirous of placing on record our deepest sympathy with our brothers across the ocean, who in the defense of the honor of their beloved country have been called upon to risk their lives in this struggle that threatens a terrific cost in human life and treasure."

"In the past, British battlefields have been fields of glory and we feel confident that in the present war of the European nations British courage will be strongly attested and that British honor will be triumphantly vindicated."

Deplore Cause of Strife

"The causes of the present strife, we most sincerely deplore and steadfastly hope and pray that a speedy cessation of hostilities and a return to peace may be vouchsafed to the brave peoples now rent asunder by fire and the sword, and fervently trust that permanent and universal peace may result."

"While we, as citizens of this great and

Pope Benedict Issues Encyclical Appealing to Rulers for Peace

ROME (Via Paris), Sept. 11.—The Osservatore Romano, the official organ of the Vatican, this evening publishes a pastoral letter from Pope Benedict XV, in the form of an encyclical, to the episcopacy of the world.

It contains the program for the pontificate of Pope Benedict, which, summarized, calls for renewed efforts to spread religion throughout the world and urges peace and brotherhood among peoples and nations in fear of God.

Struck with Horror

"Looking out upon the flock entrusted to our care," Pope Benedict says, "the immense spectacle of fraternal war has struck us with unutterable horror and sadness."

"When we see such a considerable portion of Europe devastated by fire and sword and drenched with the blood of Christians, it is incumbent upon us to embrace all without distinction, lambs and sheep, in the arms of paternal charity."

glorious republic, are fully mindful of our allegiance and devotion to this, our adopted country, the empire's crisis, in this hour of old-world calamity, moves our hearts and memories in deepest sympathy.

"We heartily extol the enlightened stand taken by President Woodrow Wilson, who, while offering his friendly services to the belligerents in the cause of peace, counsels calm thought and a more devoted citizenship on the part of all classes of Americans."

BOMBS ARE DROPPED IN CAMP WHERE KAISER IS

LONDON, Sept. 11.—A Reuter telegram at 3 a. m. quotes a German newspaper as saying that it learns that the German general staff and Emperor William are now at Luxembourg, where the Germans are camping in 700 tents.

A French or Belgian aeroplane succeeded in dropping four bombs, which, however, did no serious damage.

JAPANESE ARE MAKING SLOW PROGRESS TOWARD TSING TAU

NEW YORK, Sept. 11.—The East and West News bureau tonight gave out the following cable message:

"TOKIO, Sept. 11.—Since September 2, storm with heavy rain has been raging in Shantung province, but Japanese troops are making slow progress toward Tsing-Tau. A special Russian envoy is expected to reach the Japanese troops at 9 o'clock this evening."

The pope implores intercession for peace to the virgin, whose nativity has just been celebrated, and then continues:

"We exhort most earnestly those who govern the destiny of the nations that they should bring themselves to a frame of mind whereby they may put aside all dissensions contrary to the welfare of humanity."

Too Much Sorrow Already

"Let them realize that there already is too much suffering and sorrow attached to this mortal life and that it should not be rendered more wretched or more sorrowful. Let them realize how much ruin and disaster already has been wrought and how much human blood already has been shed."

Addressing the heads of the nations, the pope says:

"Hasten, therefore, to enter into a council of peace. Grasp the right hand of friendship and receive a special reward from God for yourselves and your nations and earn the greatest praise from the brotherhood of man."

The encyclical ends by the pope expressing the hope that the beginning of his pontificate will see the end of wars.

Pictures Saved at Louvain by German Officers of Army

LONDON, Sept. 11.—Official Berlin dispatches received here by Marconi wireless say:

"While Louvain was burning, German officers carried pictures from the cathedral to the hotel De Ville for their protection."

"Emperor William and Prince Leopold of Lippe have exchanged cordial and sympathetic telegrams on the occasion of the heroic death of Prince Herbert of Lippe, who in the third member of the house of Lippe fell in this war."

"According to London papers fighting has been proceeding since September 7, east of Paris, on a line between Auteuil, Meaux and Vitry-le-Francois. Early French reports of a victory have since proved to be exaggerated for the allies do not appear to be able to maintain the former success of their offensive movement. No news of this battle has been received from the German side."

Rail Men's Attitude Impresses Wilson

WASHINGTON, Sept. 11.—President Wilson responded today to the request of several railroad executives who asked him to call the attention of the country to the imperative need that railway credits be sustained and that the roads be helped wherever feasible by government agencies or by private co-operative effort.

The president outlined his views for the country in a letter to Frank Trumbull, chairman of the Chesapeake & Ohio board, who acted as spokesman for the railroad presidents who saw Mr. Wilson Wednesday.

Discussing his action with callers today, the president said he was greatly impressed with the reasonable attitude of the railroad men. He added they had not displayed any feeling of a questionable kind nor criticized the Interstate Commerce commission.

Although he does not believe he should advise other governmental agencies which have to do with the railroads as to their action, the president declared he would be glad to confer with anyone who wanted to see him.

NO PROSPECT OF PEACE IN EUROPE

No Intimation Comes to Wilson from Any Belligerent of Readiness to Treat.

ALLIES WILL FIGHT TO THE END

British Foreign Secretary Says War Forced on England and Nothing Short of Germany Crushed Will Suffice

WASHINGTON, Sept. 11.—There is no present prospect of peace in Europe through diplomacy. President Wilson himself set at rest today rumors that peace measures were in the making by revealing that no intimation had been conveyed to him officially from any quarter of the belligerents to make peace.

The day's developments emphasized that Great Britain, France and Russia were grimly determined to make no peace until they had decisively beaten Germany and Austria. Great Britain's position was explained in detail at London by Sir Edward Grey to Ambassador Page, who made a long report to President Wilson.

The British foreign secretary declared England had not sought war, but since it was forced on it, it was irrevocably bent on crushing forever the dangers of German militarism to the world.

Sir Edward also referred to the spoliation by Germany of the neutral territory of Belgium and pointed out that the allies would expect redress for that action. The conference between the American ambassador and the British foreign secretary is said to have taken place on the initiative of the latter. Sir Edward Grey, it is understood, explained that in view of the newspaper rumors to the effect that Germany was ready to make peace that Great Britain did not want to appear in the light of blocking the move while Emperor William assumed the role of peace advocate.

Germany Might Be Exhausted. To make peace now while German troops held Belgium and a large part of France, might cause Germany to exact unreasonable terms on the basis of occupied territory, according to the British view.

Asked whether the message he had received from Emperor William yesterday was susceptible of interpretation as a peace overture, the president said it did not open the way in that direction, protesting merely against the alleged use of dum-dum bullets by the French and the activity of Belgian citizens in the war.

Mr. Wilson said he would reply soon to the emperor's message. He has not decided, however, what form this answer will take. He is considering several alternatives. It is understood. The answer may be merely a courteous acknowledgment of the German emperor's message, or it may be the expression of the hope that the rules of warfare laid down by The Hague convention will be binding on all belligerents.

Not Time to Press Mediation

The answer may refer to the president's standing offer of mediation. On servers in close touch with the White House thought tonight the first course to be the most likely, merely acknowledging the message. It was said the feeling was general among officials that the present was not the time to press for peace with prospects of success. "We haven't gotten to the point," said Secretary Bryan today in a response to a question, "where we can take up the subject of mediation."

BABY DIES AS RESULT OF SWALLOWING SAFETY PIN

PORT DODGE, Ia., Sept. 11.—(Special.)—Margaret Schultz, 8 months old, died today after having swallowed a safety pin. The point of the pin protruded through the skin back of the collar bone.

An operation to remove the pin was unsuccessful. The baby was the daughter of Mr. and Mrs. A. A. Schultz.

The infant daughter of Mrs. Kenneth Harris of Chicago, a guest here, is recovering from the effects of having swallowed a tack. Examinations by X-ray daily show the tack is gradually passing through the alimentary canal.
